“ I will miss her very much she was my friend and my sister. We were very close. She wanted my name in the obituary as her sister. She might be gone but she will not be forgotten. We did a lot together and been thought a lot together. We had our up and downs but still did for each other. I am glad that I met Della she was a very caring person and did anything she could for you. I am glad and thankful that I knew a wonderful person she was and a caring person,
