“ I went to Eagle Rock with Devin and he was one of the funniest, most adventurous, competitive, wonderful people I have ever had the privilege of knowing. I send love and healing vibes to his family and loved ones

“ My condolences go out to Devin's family. He was a bright light during his time in Houston. He had a personality that attracted people toward him and he could fit into any crowd. After he moved from the Houston area I would get the occasional text from him asking about a song that he had heard while working the Rodeo. He was talented beyond his years and had some good stories to tell. He loved sharing his stories about anything outdoors and places he had been. He will be missed by many, and my heart aches after hearing about his passing.

“ It’s hard to believe that someone who influenced my life as much as Devin is gone. Growing up with Devin absolutely made me who I am today and he will be missed dearly. Everytime I am at the beach or on a mountain DB will be with me in spirit. My heart and thoughts are with the Bearden and Clower family through this.

“ Our hearts go out to your family at this time. I did bump into Devin a few times during the past few years. He was a caring and warm young man. His smile and easy fun nature was what we loved about him. I'll always think of him as a young kid that my son, Todd used to love to play baseball with. May you find comfort and love from your family and friends during this time.
